

PAPER KITE

Directions

- ① Cut out the kite and crease on the dotted lines.
- ② Place clear tape on the two hole marks to reinforce. Then punch holes.
- ③ Tie each end of a 12-inch string to one of the holes. Make a loop in the center of the string and tie a knot.
- ④ Tie a long piece of string (approximately 8 feet long) to the loop.
- ⑤ Staple a 4-foot ribbon to the bottom point of the kite. You're ready to fly!
